

# Aventi Omega 3

**COMPLETE**

An easy to use, cost effective supplement that contains therapeutic levels of the omega-3 fatty acids **EPA** and **DHA** from a variety of wild caught fish sources.

Each batch is tested for purity and potency and is labelled to deliver **at least 180 mg of EPA per 10 lbs (40 mg of EPA per kg)**. According to numerous published studies, supplementation at this dose can provide a substantial anti-inflammatory effect suitable for patients<sup>1</sup>:

Convenient pour spout

- ▶ **with pruritis/skin issues due to seasonal or food allergies;**
- ▶ **with the pain and inflammation of osteoarthritis;**
- ▶ **with heart, kidney or age-related issues.**
