

Aventi Kidney

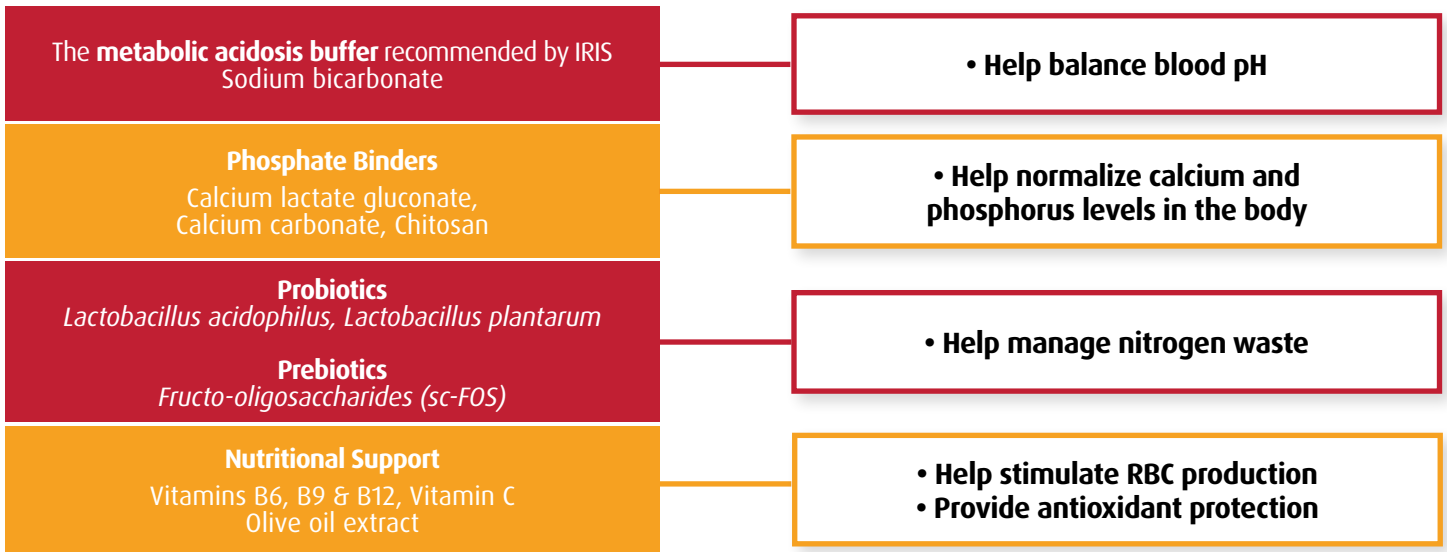

COMPLETE

The **most comprehensive** supplement available for dogs and cats with early to late stage chronic kidney disease.

Veterinary Exclusive. All natural vegetable flavouring.

Designed to address the most common **health issues** and **symptoms** associated with chronic kidney disease and to **help your patients to live as well as possible for as long as possible.**

EIGHT different studies of dogs and cats in IRIS stages 3 and 4 have shown REMARKABLE findings

- ▶ Treated groups had lower phosphatemia;
- ▶ Treated groups had improved bicarbonate levels;
- ▶ Treated groups had lower creatinine and UPC ratios;
- ▶ Treated animals had much improved Body Condition Scores;
- ▶ No hypercalcemia was reported in any study
