- Five-year warranty

20x Larger Viewing Area

Standard
Ophthalmoscope

Welch Allyn PanOptic™
Ophthalmoscope

Take a Closer Look at the Value PanOptic Plus Adds

Quick Eye alignment technology features two indicator lights on the patient side to help direct gaze for better alignment to their optic disc.

Designed with the same focus wheel, filters and apertures you're used to on a standard ophthalmoscope, including cobalt-blue to support corneal examinations.

The new Lithium Ion Plus Power Handle optimizes both PanOptic ophthalmoscopes, staying bright over the life of a battery charge with no color change when dimmed, unlike with halogen lamps.

Welch Allyn Ophthalmoscopes
