

ATOPI CREAM HC™

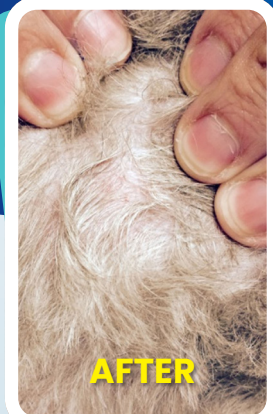

LEAVE-ON LOTION/CONDITIONER FOR ANIMALS

Soothing relief for irritated skin from allergic response, contact allergens and insect bites...plus detangling!

BEFORE

AFTER

Ahhh... Hydrocortisone!

AtopiCream™ HC (1% hydrocortisone) Leave-On Lotion/Conditioner for Animals is unique anti-inflammatory, rehydrating lotion to be used in cases of corticosteroid-responsive dermatoses.

With **VetriSpheres™** encapsulation technology, AtopiCream™ HC ingredients are quickly absorbed, providing sustained benefits while leaving no residue.

AtopiCream™ HC contains a **ceramide complex** to restore the skin's natural protective barrier and aid in healthy skin regeneration in animals.
