EQUINE

Joint Health Powder (Glucosamine HCl, Creatine & MSM)

- A comprehensive musculoskeletal joint health supplement.
- Palatable, concentrated and readily consumed powder dosage form.
- Affordable and palatable joint health supplementation simplifies daily dosing.

Pala-Tech™ Equine Joint Health Powder is a concentrated supplement containing a unique combination of essential nutrients known to be beneficial to healthy joints and muscles. This combination of nutrients will help replenish joint fluids and optimize muscle performance, strength and endurance.

Recommended Use: The following dosage schedule is recommended for the daily administration of Pala-Tech Equine Joint Health Powder. Consult with your veterinarian to determine the proper dosage level and schedule for each individual animal.

Weight of Horse	Initial Dosage (4 weeks)	Maintenance Dosage
Scoop Size = 3.8 grams	3 scoops twice a day	1 scoop twice a day
Average size horse	4 scoops twice a day	2 scoops twice a day
1,200 pounds & over	4 scoops twice a day	2 scoops twice a day

Administration: A 3.8 gram precision dosing scoop is enclosed in the container. Measure out the prescribed daily dose and administer over the horse's grain. Product may be mixed with grain, if necessary, to facilitate complete consumption. Pala-Tech Equine Joint Health Powder is formulated with a proprietary, highly palatable sweet apple flavor base to enhance acceptance by the horse.
